

Charities

Over the years, Big Al's World has become known for its generosity in raising money for Charity.

To date, Big Al's Family has raised over \$40,000 for various different charities, both here in Australia and Overseas.

We are now very proud to announce that we are the Australian Ambassadors for St Jude Childrens Research Hospital in Memphis which was Elvis' favourite Charity. We are humbled to have such a huge support from within our Elvis Family and the Elvis Tribute Artists both here and abroad.

We travel all over the state with our valued family in tow raising money for worthy charities such as The Royal Flying Doctors Service, Careflight & Childflight just to name a few. Big Al's is a Family which is made up of many, many dedicated Elvis Fans who dedicate their time and love of Elvis to support us and these Charities.
